TMSC Summer Programs - Behavior Agreement

Talcott Mountain Science Center's Summer Program is dedicated to providing an enriching, educational, and safe environment for all participants.

For students attending our programs, we expect safe and respectful behavior. This includes safe and appropriate use of Talcott facilities, transportation (buses and vans), equipment, and networks. By participating in our programs, parents and students agree that participants will refrain from illegal, harmful, obscene, threatening or dangerous behavior. This includes bullying, physical or verbal abuse, fighting, roughhousing, unsafe or violent behavior, theft, inappropriate language, disobedience of staff, or leaving an activity without permission, and other such behaviors that impede the successful participation of students and staff.

For participants who exhibit inappropriate behaviors, Talcott staff will document them and discuss the incident(s) and consequences with the Talcott director(s) as appropriate. In the case of physical or otherwise endangering altercations, parents will be notified as soon as is reasonable during or after the day's activities.

Talcott reserves the right to remove a student from the program for on-campus supervised "time out", remove them for the remainder of the day, or if need be remove from the remainder of the program. In the case of removal, the parent is responsible to pick up their child as soon as they can. No refunds will be given for students removed from the program for behavior issues.

By completing this form, you agree to these conditions.
